About K K Wagh Agricultural Facilities

The long Cherished need of Agriculture Education was met with the inception of the College of Agricultural Engineering & Technology in the year 2003, College of Agriculture in 2005, College of Agricultural Biotechnology in 2008, College of Food Technology in 2009, College of Agriculture Business Management in 2011 & College of Horticulture in 2013.

Agriculture and allied colleges are the premier educational institutes within jurisdiction of Mahatma Phule Krishi Vidyapeeth, Rahuri and are occupying a significant place on the agricultural educational map of the state. All these colleges are graded for excellence in quality education by Maharashtra Council of Agriculture Education and Research (MCAER), Pune. Agriculture and Allied colleges aims to cater the upcoming demands of the agrarian economy by generating young workforce with knowhow of future ready technology in agriculture and allied fields. These Colleges has trained teaching faculty, blend of experienced and energetic persons committed to teaching, extension and research. All these colleges has state of art infrastructure facilities in terms of building, laboratories, lecture halls, instructional and research farms, modern instruments/ equipments, farm machinery, library facilities, computer network with round the clock internet facility, transport and playground. Total built up area of Agriculture and Allied Colleges is 1,75,000 sq. ft.

All agriculture and allied colleges have their instructional and research farms at different locations viz: Mhasrul, Makhmalabad, Vilholi, Shivangaon, Babhaleshwar, Kasabe Sukene and Bhausaheb nagar and is utilized for seed production, cereals and pulses production, cultivation of fruits and vegetables, demonstration of seasonal crops etc. Shednet, Polyhouse, Bio-agents production unit, Dairy Unit, Nursery, Testing and Consultancy units are established at college farms. Colleges provide quality seed of soybean, wheat, gram, black gram etc. and also saplings of mango, sapota, pomegranate, custard apple, guava, lemon, tamarind, jamun and ornamental plants.

Vision: Excellence in Agriculture Education for sustainable Agriculture Development

Mission:

1. To produce agricultural graduates with high knowledge and competence by improving practical technical education.
2. To provide the opportunities of experiential learning environment for helping the students to be an entrepreneurs for the growth engine of the society.
3. To create and cultivate valuable manpower for sustainable development in agricultural practices, industry and contribution to the society.
